Joseph Pascarella

Born in Avellino, Italy

Joseph Pascarella trained as a young cabinetmaker and worked in his father's Trenton-based shop after immigrating to the U.S. at the age of 17.

He opened JCP Home Remodeling in 2001 to serve Brigantine residents, and in that time, his expertise, crew, and trusted clientele have grown exponentially. His staff handles the installation, and Pascarella himself monitors each project's progress.
